## Dot's Rentals & Sales Team

### Dot's Rentals & Sales

photo by Matt Cornelius

**F**or nearly four decades, Dot's Rentals & Sales has been a trusted name in Texarkana, providing more than just equipment — they provide solutions. Founded in 1988, this locally owned business has built its reputation on reliable equipment and a team of people who truly care about helping customers get the job done right.

"Our team works every day to carry on the level of customer service that Dot built this business on," said Claire Torrans, Director of Operations. "Whether it's greeting our clientele, making sure equipment is ready to go, walking customers through how to use it, or delivering right to their door, we're proud to uphold the standard she set from the very beginning."

Dot's Rentals is known for its extensive lineup of construction tools and heavy equipment, serving contractors and do-it-yourselfers alike. Another side of the business, Dot's Event Rentals, is many locals' first stop for chairs, tables, and linens when planning a party or event.

Step inside their store on North Robison Road and you'll meet a team that doesn't just hand over a piece of equipment — they take the time

to walk customers through how to use it safely and effectively. Behind the scenes, skilled staff members keep the inventory in top condition through ongoing cleaning, maintenance, and repairs, while others handle timely deliveries so that customers can focus on their projects or events.

At the heart of it all is a simple philosophy: renting makes sense. By choosing to rent instead of buy, customers save money, avoid unnecessary storage headaches, and can test different types of equipment without long-term commitments.

As the business has grown, one thing has never changed — Dot's Rentals' commitment to service. Whether you're tackling a big construction job, sprucing up your home, or planning a milestone event, the Dot's Rentals team is ready to help Texarkana build, celebrate, and succeed.
