Matt Blue, Owner

## Our Story

In November 2013, Matt Blue started Blue Gorilla Garage as a one-man operation. After recognizing a growing need for automotive diesel expertise in Texarkana, Matt's career as a dealership diesel technician laid the foundation for what has now become a trusted name in automotive repair with over 24 years of experience and multiple certifications.

Today, we perform all mechanical vehicle repair, as well as preventative maintenance on all domestic brands such as, but not limited to, Ford, General Motors, and Dodge. Our common services include brakes, timing chains, water pumps, air conditioning repairs, cooling systems, suspension, transmissions, engines, and much more.

## Our Difference

Over the years, we have expanded our team to include five skilled technicians, creating a collaborative and efficient environment. With a commitment to excellence, integrity, and decades of combined experience, we are dedicated to providing top-notch service to the Texarkana community. We have also expanded our facility to better serve the community and meet the growing demand for reliable repair services, while adding a new service writer to help ensure faster, more efficient service. This growth has enabled us to serve our customers more efficiently while maintaining the high level of service that has made us a local favorite. As we look to the future, we take pride in our loyal customer base and are excited to continue serving the community for many years to come.

## Our Story

For over 62 years, we have been Texarkana's oldest locally owned community bank. Originally founded by George W. Peck on the premise of being "The People's Bank," our legacy has been carried on through the leadership of his daughter, Julia Peck Mobley, and continues today under his grandson, Philip Mobley. We remain deeply committed to serving the banking needs of Texarkana. In recognition of this commitment, we were awarded Locally Owned Business of the Year by the Texarkana Chamber of Commerce.

## Our Difference

Our steadfast dedication to downtown Texarkana sets us apart from larger banking operations. We have remained committed to reinvesting in our community and serving its financial needs with a personal touch. Our mission is to build lifelong customer relationships through excellent service, exceptional financial solutions, and

- Hygiene and Gum Treatment

## Our Story

Eagle Dental Center is a full service dental office. We take care of all your dental health needs, including referrals to specialists. Our services include implant placement, restoration of implants, including full arch, crowns and bridges, tooth colored fillings, orthodontic aligners, dentures, partial dentures, nitrous oxide and level 1 sedation, surgical procedures and extractions, root canal therapy, teeth cleaning and whitening, and all cosmetic dental procedures.

Founded in 2014 on Texas Boulevard by Dr. Mark Looney, we have continued to grow through mergers with Dr. Todd Hegmann and Dr. Chad Patterson. Dr. Hegmann is the first member of his family to enter the field of dentistry, but both Dr. Looney and Dr. Patterson have a strong heritage of dentists in their families. Dr. Patterson's grandfather, William Patterson, and Dr. Looney's father, Russel, and uncle, David, were pioneering dentists in Texarkana, going back to the 1940's. Chad's uncle, Rowan, was also a long time dentist here. There are now three additional associate doctors in the practice and it is located in its new state of the art facility on Moores Lane.

## Our Difference

As a completely locally owned and operated business, Eagle Dental Center is very deeply and actively invested in Texarkana and the entire Four States area. We earnestly believe in our city and do all that we can to be a big part of its growth and advancement. We stay committed to these principles. Our staff and doctors are dedicated to making your experience and visits to our office the best it can be. You will always be greeted with a smile as we strive to offer excellence in treatment, care, service, and commitment. Visit Eagle Dental and give yourself something to smile about!

## Our Story

For nearly five decades, Four States Furniture has been proud to call the Ark-La-Tex home. What began in 1978 as Wilson's Furniture & Appliance in Hope, Arkansas has grown into a trusted regional brand rooted in family values, local ownership, and a deep commitment to the communities we serve.

This spring, Four States Furniture enters an exciting new chapter with the relocation of our flagship Texarkana store from Richmond Road to 502 Walton Drive. This move represents far more than a change of address—it's the realization of a vision 48 years in the making.

Our new location is being designed as an all-new furniture and mattress destination, thoughtfully created to inspire and elevate the way our guests shop for their homes. The expanded showroom will feature more than 130 fully styled vignettes, an expansive mattress gallery, and a dedicated design center where customers can collaborate, customize, and bring their ideas to life. Guests will also enjoy a welcoming refreshment center, creating

a relaxed and comfortable shopping experience from start to finish.

At our core, Four States Furniture has always been about more than furniture. We believe in integrity, service, and creating spaces where families gather, rest, and make memories. That commitment extends beyond our showroom floors through community involvement and giving back. Through our support of initiatives like Hope to Dream, Homes for Heroes, Tunnels to Towers, and many others, we proudly reinforce our mission of enriching lives with furniture for every home.

Led by the Wilson family, Four States Furniture continues to grow while staying true to its roots. As we prepare to open our doors at Walton Drive, we do so with gratitude, for our loyal guests, our dedicated team, and the communities that have supported us for nearly half a century.

We're proud of where we've been, excited about where we're going, and honored to continue serving the Ark-La-Tex for generations to come.

Jeff Walling is a member of the Texas Turfgrass Association and holds a Certified Professional Turfgrass Manager designation through the Texas A&M Agriculture Department, giving us access to advanced lab resources. He is also a licensed irrigator and holds Commercial Certified Applicator Tree and Turf Pest Control and Commercial Pesticide Applicator licenses.

As a locally owned, first responder-owned and operated business, we focus

on customer service, integrity, and doing the job right. Our commitment to these values is reflected in our team. All of our technicians are licensed and certified, and we have an agronomist on staff to help guide treatment plans.

Every new customer receives a soil test so we can build a customized plan based on science, not guesswork. We offer comprehensive services, including fertilization, weed control, irrigation support, tree and shrub care, and full pest services, including termite treatments.

With our Lawn Maintainer program, we provide free follow-up visits between scheduled services at no extra charge. We stand behind our work with warranties and a satisfaction guarantee, offering a comprehensive approach to caring for your outdoor spaces.

1724 GALLERIA OAKS DRIVE  
TEXARKANA, TEXAS 75503

LONESTARHEALTHWELLNESS.COM

## Our Story

LoneStar Aesthetics & Wellness was founded in 2019 by Samantha Harris, MSN, FNP-C, a board-certified Nurse Practitioner whose background in emergency medicine shaped a foundation built on safety, precision, and patient-centered care. Drawn to aesthetic medicine, she discovered a field where medical science and artistry come together to restore confidence and help patients feel like the best version of themselves.

From the beginning, the goal was to create more than a traditional medspa—a medical aesthetic practice where patients receive honest guidance, individualized treatment plans, and natural-looking results. Every consultation begins with a comprehensive facial assessment and a long-term approach to prevention, correction, and maintenance.

Today, LoneStar Aesthetics & Wellness offers advanced injectables,

Samantha Harris, Owner

regenerative treatments, laser procedures, and medical-grade skincare, along with wellness services that support overall health. While our services have expanded, our philosophy has remained the same—conservative treatments, thoughtful recommendations, and care centered around each patient’s unique features.

We have also grown alongside the Texarkana community, building relationships that remind us every day why we started. For us, LoneStar is more than a business. It is our passion and a reflection of the people we are proud to serve.

## Our Difference

LoneStar Aesthetics & Wellness was built on the belief that aesthetic medicine should be both safe and personal. Every patient interaction, treatment plan, and follow-up reflects our commitment to education, integrity, and natural results—never overdone, always balanced.

For us, this practice is more than a business; it is our passion. Caring for our patients and our community is what continues to drive LoneStar forward.

After all... Texarkana never looked so good.

## Our Story

At Professional Hearing Services we have been committed to providing high quality hearing healthcare to Texarkana for over 25 years. Founded in 1999, we have grown our practice to meet more needs of our community by adding 2 doctors of Audiology, Dr. Kelly Pack and more recently Dr. Stephanie Winfield. In doing so, we have been able to expand our practice to much more than just hearing tests and hearing aids. Since all our providers have a doctorate level education, we are able to provide cochlear implant evaluation and programming, tinnitus treatment and retraining and Dr. Pack's passion, hearing conservation and hearing protection.

## Our Difference

Nobody ever really wants to wear a hearing aid. What they want is to be able

to communicate again with their loved ones, join in on the conversations, and easily participate in things they used to love to do. Our mission is simple, and that is to provide a hearing solution that is easy to use and accurately fit because a hearing aid is no good if it ends up in the bottom of a junk drawer.

By utilizing the latest technology, such as Real Ear Measurements, we can place microphones near your eardrum to precisely measure how the hearing aid is performing inside your ear canal. This eliminates all guesswork from the fitting process and ensures a proper fit, leaving you with crisp, clear sound. This technology not only helps you adapt more quickly to the devices but also reduces the amount of time you spend on return visits, allowing you to get back to doing the things you love, which is ultimately what life is all about.

## Our Story

Transformative Wellness was founded by Dr. Jason Harris on the belief that our community deserves access to innovative mental health and chronic pain treatments. We saw too many patients cycling through traditional medications and therapies without finding meaningful relief, and we knew there had to be a better way. That belief led us to open our doors and offer advanced, evidence-based treatments like IV ketamine infusions, SPRAVATO, and TMS therapy right here at home. What started as our commitment to filling a gap in local healthcare has grown into a trusted practice where patients from across the region come to reclaim their lives. Every day, we are inspired by the courage of the people who walk through our doors and the transformations we get to witness.

We treat a wide range of mood disorders, including depression, anxiety, PTSD, OCD, bipolar disorder, and suicidal

ideation. We also provide relief for chronic pain conditions such as CRPS (Complex Regional Pain Syndrome), migraines, fibromyalgia, neuropathic pain, and restless legs syndrome.

## Our Difference

We are not a one-size-fits-all clinic. We take the time to understand each patient's history, struggles, and goals before recommending a personalized treatment plan. We combine clinical expertise with genuine compassion, creating an environment where patients feel safe, heard, and supported throughout their journey. We specialize in treatments that work differently from conventional options, targeting specific pathways in the brain to provide rapid and lasting relief for conditions like depression, anxiety, PTSD, and chronic pain. From the first consultation to follow-up care, we are with our patients every step of the way.

**WHY BUY WHEN YOU CAN RENT?**

Founded by Dot Williford and later led by her daughter, DeMita Torrans, the business became a familiar part of Texarkana's job sites and gatherings, growing steadily through decades of work and relationships.

Now the third generation is stepping in. Claire Torrans has joined as Director of Operations and has an active role in shaping what comes next. DeMita's sons, Nicholas Liu and Harrison Torrans, are focusing on expanding the brand to new locations and cities, the first of which will be in Springdale, Arkansas, expanding the footprint of a business that started right here in Texarkana.

Three generations in, we are still family-run, still hands-on, and still part of how work gets done around here.

# Homes With Heart Team

SERVING FAMILIES LIKE OURS

## Our Story

As a mother-daughter team, real estate is more than what we do, it is part of who we are. Stephanie Campbell-Bolt spent more than 30 years in the business, retiring as Vice President of Coldwell Banker in Shreveport before being coaxed out of retirement and licensed in Texas.

Madeline Campbell Robbins grew up in real estate—answering phones, filing papers, showing homes, and truly learning the business from her car seat.

Together, we have built a record-setting team, earning the #2 spot in our Tyler office in 2025. We believe how you treat people matters just as much as the outcome. Our styles are different—that is our secret recipe. We laugh often, pray over big decisions, and celebrate the small wins while serving families across the Ark-La-Tex.

OUR FAMILIES SERVING YOURS

## Our Story

Texarkana Funeral Home has proudly served families with care, dignity, and compassion since 1939. Our legacy is deeply rooted in the community we call home. Built on generations of trust, we have grown alongside the families we serve while remaining committed to personal, heartfelt care.

Today, we are the largest locally owned funeral care provider in the Four States Region. With seven funeral homes and three cemeteries, our team of dedicated professionals is honored to provide meaningful, personalized services while actively supporting the communities we serve.

Now led by Vickers and Thomas Fuqua, grandsons of our founder, we continue

Archie Shipp, Louis Terrell,  
Lynsey Gwin, and Vickers Fuqua

our tradition of family ownership and care under the guiding promise, "Our Families Serving Yours." At Texarkana Funeral Home, we are more than a service provider, we are a trusted source of comfort, committed to honoring every life with respect and compassion.

# Tri-State Cremation & Funeral Services

**COMPASSION, HONOR, & RESPECT**

## Our Story

Founded in July, 2020, by Mandy and Gary Carter, Tri-State Cremation & Funeral Services began as a way to support local funeral homes by providing cremation services in Texarkana, so families would not have to send loved ones out of town. We expanded to offer funeral services directly to families while continuing to partner with local funeral homes. We take pride in creating meaningful, personalized memorials. We stay current on industry changes and maintain strong relationships with our state regulatory board to provide clear, accurate guidance. From traditional services to green burial, water cremation, and unique memorial options, our dedicated team serves every family with compassion, honor, and respect.
