OUTDOOR PROS

For 45 years, Curry's Pools & Spas has been building backyard dreams across Northeast Texas, one pool at a time. They are not a national chain or a fly-by-night operation chasing the next subdivision contract. They are your neighbors, and they treat every project like it is going in their own backyard. That reputation was built the same way they build their pools, with quality materials, honest pricing, and craftsmanship that holds up long after the last shovel leaves your yard. In a region where summers are long and backyard pools are part of the lifestyle, the name Curry's has become synonymous with trust. Family-owned and operated since 1980, Curry's Pools & Spas builds gunite and vinyl liner pools, completes remodels, and provides reliable pool service and repairs. Whether you are dreaming of a custom pool or need help maintaining the one you have, their team has the experience to get the job done right. When you call Curry's, you will not be routed to a call center. Their certified pool operators stay current through Genesis continuing education for swimming pool contractors and bring industry knowledge to every project. They stand behind their work with a one-year workmanship warranty and a three-year equipment warranty. The team also handles permits and paperwork, offers free quotes, and provides flexible financing options to keep the process simple. There is nothing quite like a Texas summer afternoon spent poolside, and Curry's Pools & Spas has been helping families make it happen for generations.

OUTDOOR PROS

Your backyard has more potential than you think.

Eppinette Construction specializes in transforming outdoor spaces into functional, beautiful extensions of the home. From custom decks and covered outdoor living areas to fully equipped outdoor kitchens, cozy fireplaces and fire pits, and pergolas built for year-round enjoyment, they bring the same craftsmanship and attention to detail to every project they take on. They work closely with each client to design a space that fits the way they live, whether that means a quiet retreat or the perfect place to host family and friends. From concept to completion, they bring each vision to life.

Whether starting from scratch or upgrading an existing space, their full-service design and build team is there to guide clients every step of the way. No project is too simple or too ambitious. Contact Eppinette Construction today and build something worth gathering around.

OUTDOOR PROS

Whether it's a custom deck, fencing, gutters, or a remodel, Goodshack Construction helps homeowners and businesses create outdoor spaces that are both functional and built to last. Their team approaches every project with the care and attention to detail that turns outdoor spaces into places people want to spend time.

Around Texarkana, their work can already be seen in places where people come together. Goodshack Construction had the privilege of building the front and side patios at Fat Jack's, the outdoor expansion at Hot Tails, and contributing to the recent renovations at the Arkansas-side Elks Lodge.

Known for being approachable, dependable, and easy to work with, the Goodshack team takes pride in delivering projects that look great and hold up for years to come.

"If we can build it, we can clean it," says Jon Hoover. With more than 20 years of construction experience, their team brings a level of expertise to exterior surfaces that goes beyond standard cleaning. Their hands-on background in masonry, stucco, and EIFS gives them an understanding of exterior materials most cleaners simply do not have.

Their work can be spotted on projects like Panera Bread, Jagers, Parks Elementary School, and The Crave at Texas A&M-*Texarkana*. From storefronts to home exteriors, Hoover Softwash helps keep patios, outdoor spaces, and siding looking clean, polished, and well cared for.

Low pressure. High impact. Every time.

OUTDOOR PROS

A great outdoor living space doesn't happen by accident. It takes thoughtful planning and skilled craftsmanship.

Whether it's a patio, pool house, or outdoor living area, KP Construction helps homeowners make better use of their property. Their work focuses on quality materials, attention to detail, and spaces designed to be enjoyed for years to come.

In addition to outdoor living projects, KP Construction also handles residential construction work, helping bring projects together from the early planning stages through completion. Their experience working on both outdoor spaces and residential builds allows them to create projects that feel cohesive and well planned. Homeowners trust KP Construction for dependable service, solid workmanship, and results that stand the test of time.

OUTDOOR PROS

Red River Lumber helps homeowners create beautiful, low-maintenance outdoor living spaces with quality composite decking and expert guidance. As a locally trusted, independent lumberyard serving the Ark-La-Tex, they carry top decking brands like Trex, TimberTech, Deckorators, and MoistureShield, giving you plenty of options to find the right fit for your style and budget.

Whether you are replacing an old wood deck or planning a new outdoor area, their knowledgeable team can help you choose the right materials for lasting performance. And because they are rooted in this community, you can count on the kind of personal service and accountability that only a local, independent business can provide. Visit Red River Lumber to explore decking options for your next backyard project.
